"God Created Segregation"

When he put niggers in the jungles far away from His Son Jesus.

NAACP are just taking your nigger money for them to be rich. They can't make nigger first class, it is for votes.

In the Bible reads, "It is a sin to integrate. If God wanted niggers to be first class He would have not to put you in jungles.

It is time for you niggers to obey God's law. Think about this, and read what the Bible says and keep your money and you may get to heaven—but you won't be with whites, for God has many mansions.

We are telling our children never to speak our Ancestor's language to them, for God put them in the jungles so they will know whom they are.
