Dear Jim,

Perhaps I am wrong in writing this and I could be mistaken, but I feel that I should tell you that not all young white adults are against you.

I myself wish you all the luck in the world in your education and future.

I will always be sorry for the stupidity of the South and for the meanness towards the Negro race.

I wish I could set down and read the Constitution of America and really try to understand it. They would realize that it was not only written for them but also the Negro Race.

I am sending you a picture of me. As a token of friendship and in this friendship...
