Dear Mr. Merrill,

Your courage, dignity & forbearance during these unhappy times, is an inspiration to the world. You are not alone - the prayers & thoughts of thousands are with you continually. God is with you, 'no man can withstand God'.

Someday these poor ignorant people will learn. Kehr's uproarious has restricted their thinking, but they will realize they were wrong if you make like you do not fall. I am sure I share the sentiments of countless others who may not think of writing. It is hard for us not to hate the students or others involved in this cruel campaign. Jesus said of those who feared: "Forgive them for they know not what they do."

Wishing you great & continuing success in your career.

Yours sincerely,

(Mrs) Jeyce Rogalsky
