(By Harold W. Gretzinger)

Some time ago I spent five days in Washington D.C. and among the reports I studied I found a message by Mr. David Lilienthal saying that the atomic bomb multiplied the power or effectiveness of the most powerful explosive known to man before the war, not by two times, but by 17,000,000 times. We read in scripture where, in the battle of Armageddon, two-thirds of the population of the earth will be destroyed. Scoffers for years laughed at Christians warning the world of coming destruction, but since Hiroshima and Nagasaki, it's the scientists, statesmen, military leaders and historians who are warning the world.

Personally I feel that all seven of the vials of God's wrath of the 16th chapter of the Book of Revelation were partially fulfilled at Hiroshima, Nagasaki, or Bikini, when we
exploded the atomic bomb that we now call a "fire-cracker." Those first five bombs weighed less than 400 pounds, and exploded less than one-tenth of an ounce of explosive material. What do you suppose will happen when the big bombs which we now have, are used in war? The bomb we now have weighs 100,000 pounds, or 50 tons, and General Groves has said repeatedly it is 10,000 times more powerful than the first ones used. If the little one could partially fulfill the 16th chapter of Revelations, then the big ones will certainly FULFILL completely the seven vials of God's wrath and Ezekiel's promised destruction of forces of the anti-christ will be accomplished. SCARED ?? ? NO !!!! But thrilled to know that Jesus is coming first, before these awful days, and that the church will be raptured out of the Great Tribulation and battle. "Even so, come, Lord Jesus", BUT WHAT OF YOUR UNSAVED LOVED ONES?

Let's rally for one great all out CRUSADE for the lost before Jesus comes.

WHAT THE BIBLE SAYS ABOUT THE ATOMIC BOMB

This new up-to-date edition of H. W. Gretzinger's illustrated booklet on the ATOMIC Bomb in relation to Scripture can be had for 35c each, 3 for $1.00; or 8 for $2.00.

This is one of 1000 different titles published by Osterhus Pub. House, Inc., 4500 W. Broadway, Minneapolis 22, Minnesota, USA. Tract costs 35c per 100; $1.00 for 500; $1.50 for 1000
