The New Year of
1923

**THIS IS WHAT I AM DOING IN MISSISSIPPI**

"PINEY WOODS COUNTRY LIFE SCHOOL"

BRAXTON, MISSISSIPPI

Material Development

Piney Woods School 1910

Piney Woods School 1911-21

Human Development

How they look when they enter

When they have been here awhile

Graduation Day

Dear Friends of Humanity:

For two years I have been begging a dollar here and a dollar there and now show you in the above building what I have been doing with the confidence reposed in me. To finish it on the inside will require $3,500. Help in any amount will be gratefully received.

In addition to this, we need for teachers’ salaries for 1922-23 the sum of $2,600, and for current expenses $800, a total of $6,900. With this amount of money we can go through a very successful school year. Will you not help us a little? If I knew where to obtain this money the New Year of 1923 would be the happiest in my life. In the joy of spraying a human orchard,

_Susanne Jones_

Founder and Principal, Piney Woods School, Braxton, Miss.

**DETAILED STORY OF PINEY WOODS SCHOOL.**

Fleming H. Revell has in the making a book, “Piney Woods and Its People,” which tells of my struggles since I left Iowa University and came to Mississippi. It will be nicely bound, illustrated, and will contain about 160 pages. It will sell for $1.50. Every cent of profit will help build Piney Woods School. How many copies will you take? Address Piney Woods School, Braxton, Miss.
