PINEY WOODS COUNTRY LIFE SCHOOL
CORPORATE NAME
FOR TRAINING NEGRO YOUNG PEOPLE IN CHRISTIANITY
CHARACTER and SERVICE

PINEY WOODS, MISSISSIPPI
39148

ENDOWMENT NEEDED

Piney Woods School! Who has not heard of Piney Woods School? For more than half a century, it has been the ray of hope and source of inspiration for thousands of Negroes who, otherwise, might join the nation’s dropouts and become a burden and a menace to society. It is still needed.

Piney Woods students do not riot. They do not go to jail. They are not dropouts. All learn to work, to hold jobs, to get along with people, to be somebody worthwhile in their communities. The majority finish college.

The success of Piney Woods School, now world-famous, has been due to a very large extent to the volunteer services of highly-qualified and dedicated teachers. Recently, however, with so many government programs enticing even the retired, we find it difficult to fill vacancies without remuneration. This is particularly true in the field of Science.

Therefore, I am trying to raise $100,000.00 to endow a CHAIR OF SCIENCE. Can you help?

Any contribution will be more than appreciated. We have yet to raise $6,000.

Zilpha Ellen E. Chandler
Director of the Academic Department

The Ford Motor Company, General Electric and Dow Chemical Company match gifts of their employees to Piney Woods School.

If this fund should be oversubscribed, unless contrary to the wishes of the donor, the extra money will be added to the general endowment.
