FOR THIS WELL—OUR GRATEFUL THANKS

THE RESPONSE TO OUR APPEAL FOR A NEW WELL WAS ONE OF THE MOST HEARTENING EXPERIENCES OF MY YEARS IN PINEY WOODS. HERE IS THE WELL!

ISN'T IT A BEAUTIFUL, REFRESHING ANSWER IN KEEPING WITH—

“For I was an hungered, and ye gave me meat: I was thirsty, and ye gave me drink: I was a stranger, and ye took me in.”

Many, many years ago when we needed pipe to distribute water from our spring that we pumped up into our little 10,000 gallon wooden tank, (now it’s a hundred thousand gallon tank made possible by friends like you) there was no money we could use for that purpose. We heard about some pipe in the ground at the abandoned First World War Camp Shelby, near Hattiesburg, Mississippi. Our boys and men went down in our truck, dug up this pipe and hauled it up to our school. It has served us well despite many, many breaks from time to time because of its rusty condition, due not only to age, but also to the iron in our water.

To replace our water mains and lead off lines to the various buildings, we’ll need about four thousand feet of new pipe. One foot of the kind of pipe we need (six inches in size) will cost $1.35 per foot.

OUR FRIENDS WHO FIND IT CONVENIENT TO CONTRIBUTE ONE FOOT OF PIPE WILL ENABLE US TO REHABILITATE OUR ENTIRE WATER DISTRIBUTION SYSTEM.

Thanksgiving and Christmas of 1965

In The Joy Of Spraying A Human Orchard,

Laurence C. Jones
Founder and Principal

My 81st Birthday, Nov. 21st, 1965.
